

# News & Updates

ANDERSON HILLS PEDIATRICS, INC. | AUGUST 2019

## BACK TO SCHOOL

A new school year is just around the corner! Depending upon the age of your child or the activities they may be participating in, you may have forms, vaccines, or more that are needed. We are here to help.

For your child's vaccination needs, you may schedule wellness exams online or by calling 513-232-8100.

If you are dropping off a form or two, we require that **all** parent or child portions of form be **completed and signed** *prior* to us processing your request.

**We hope your children have a great school year!**

## WHEN SHOULD YOUR CHILD SEE THEIR PEDIATRICIAN?

It is ideal to visit your child's pediatrician for annual wellness exams, to track developmental milestones, and conditions that require ongoing monitoring. We also recommend seeing any of our physicians for non-emergency conditions such as flu, sore throats, ear pain, pink eye, diarrhea, and more!

## SELF SCHEDULING ONLINE

We are excited to announce that you may now schedule select sick appointments through our patient portal. Self-scheduling is now available for the following symptoms: sore throat, ear pain, ear drainage, pink eye, painful urination (without associated abdominal pain). If your child has other symptoms, including cough or abdominal pain, please schedule by phone to ensure adequate time is allotted for your visit.

## NATIONAL IMMUNIZATION AWARENESS MONTH

### #IVAX2PROTECT

The purpose of NIAM is to raise awareness about why vaccines are important and how they prevent serious, sometimes deadly, diseases!

If you would like, share a photo of your child to help spread the word on the importance of immunizations.

Thank you for trusting us for your child's vaccination needs.

## OFFICE CLOSURE

Our Anderson office will be closed on **Sunday, September 9th** for maintenance. A member of our care team will still be on call throughout the day to help you.

## WALK WITH A DOC UNION TOWNSHIP VETERAN'S MEMORIAL PARK

Have fun and join us for a healthy walk. You'll take a few minutes to learn about a current health topic; then spend the rest of the hour enjoying a walk and conversation with one or more of our pediatricians!

It's a great way to get out, get active, and enjoy good conversation. You may also walk your own pace and distance. Children of all ages are also welcome!

See you on the **3rd Wednesday of every month at 9:00AM** for this **free** community event!

## CHECK IN FROM HOME

We recently have partnered with Phreesia to provide you with a private and secure way to check into appointments from the comfort of your home. Prior to your appointment, you receive texts and/or emailed reminders that will trigger an individualized link check-in. You can also confirm or request an appointment cancellation through the email or text you receive.
